OBJECTIVE

To work in an environment which encourages me to succeed and grow professionally where I can utilize my skills and knowledge appropriately. I also seek challenging opportunities where I can fully use my skills for the success of the organization.

EXPERIENCE

2019 - Till date

- **Horsemen Technologies**

Frontend developer

As a UI developer I helped in designing the ux design into a mark up language with HTML, CSS and JAVASCRIPT.

I also joined in as a front end developer in the building of it's latest hospital management software.

2014 - 2015

- **Ika computer institute**

Intern

As an intern I learnt how to operate software applications like the Microsoft office, Excel, power point etc

2021 - Till date

- **Ojahi**

Frontend developer

I'm currently working as the front end developer for the company, I help in the conversion of ui designs into markup scripts and responsive webapps.
